## Fundraising Poster Templates to Hype Up Your Charity Events

Your non-profit organization is ready to throw its greatest fundraising event ever – you just need to get the word out about it first. Call us old-fashioned, but we think one of the best ways to reach new audiences is with a compelling poster.

That said, we know how busy you are and that creating appealing event flyers can be time-consuming. That is why we designed poster templates to make your life easier. You can create the design that will generate buzz about your upcoming charity event in just minutes, all without having to deal with photoshopping apps like Adobe.

## Sample Fundraising Poster Design Templates

When you partner with us to create your very own fundraising brick campaign, you'll get access to our library of free templates, designs, and other resources to ensure your event's success.

Best of all, our templates are completely customizable. You choose the unique text, graphic design, fonts, headers, and clip art that encompasses your organization's spirit while attracting potential donors. You can also choose the format for these templates to make distribution a breeze: JPG, PNG, PDF, or Word Doc.

Just take a look at some of the templates we offer below!

### Example 1

This donation poster has it all:

Space to explain the brick fundraiser to your audience;

Easily identifiable ways to order bricks with contact information, a QR code, and link to our website;

An attractive layout;

And room for your logo and an image of a sample brick, so people visualize what their very own brick could look like.

If you want something simple, easy, and effective, it's hard to top this template.

Fundraising Brick is launching a brick fundraiser to continue improving the physical working environment for our workers. The proceeds from this brick fundraiser will go towards two immediate projects. The first project is to add a brick/paver outdoor working space. This space will have sun sails to provide shade so that it can be another area for our staff to use for outside. The engraved bricks from this fundraiser will be included in the project itself! The second project will be to renovate the inside of X for additional meeting space.

## Example 3

This donation flyer is light on text, relying more on visuals to appeal to your audience. With this unique design, you can show your audience the various tile options your campaign offers at a glance. Then, they can quickly learn more information by simply scanning the QR code.

Of course, these designs are just a sampling of what we offer.
